

Production Planning, Water Resources & Business Development Department,

2021 ELECTRICITY & WATER BULK DEMAND SURVEY

FOR CUSTOMERS OF MORE THAN 5MW OF POWER AND 25m³/HOUR (0.132 MIGD) OF WATER

Date Received by Respondent: ____/____/____ Survey No (SN): 2021 / ____ / ____ / ____
 Year / Sl. No. / Sector (Pvt./Govt./Gen)/Customer
 Date Returned to CSD : ____/____/____ Application No (If available):

Section A - General

- A1. Responded by: Project Owner Project Developer
- A2. Project Title: _____
 Entirely new (first-time) survey for a new project Update to an earlier survey (if existing project) SN: _____
- A3. Project Location: City _____ Municipality _____ Geographical Zone No. _____ GIS PIN No. _____
 Electricity Meter No (if available). _____ Water No _____
 QID No./Establishment No./ Commercial Registration No.: _____
- A4. Project Brief Scope and the Type of End-Product (E & W): _____
 (Survey shall include all components of E&W such as construction of Camps, Labour Camps (Temporary & Permanent))
-
- A5. Project Ownership: Government Gov+ Private Joint Venture Private Single Ownership
 Private Joint Ownership
- A6. Project Early Start: Quarter: _____ Year: _____ Project Early Finish: Quarter: _____ Year: _____
- A7. Current Project Execution Status: Planning Feasibility Design
 Tendering Construction Operation
- A8. Current Project Financial Status: Not Budgeted Budget Approved Finance Secured
- A9. Project Developer's/Owner's Name: _____
- A10. Product End user (E&W): _____
 (Customer is the final End User of KM Services)
- A11. Contractor's Name: _____
- A12. Project Consultant's name: _____

Section B – Project Demand Information

- B1. Type of Supply: Existing Additional New Temporary Others: _____
- Important: If the Type of Supply is Temporary, Temporary Connection Forms and Metering Forms must be filled in when applying for supply. The form is available at Customer Services Department (Contact Head of Planning & Bulk Customers as Indicated below).*
- B2. Development Class (Detailed in page 6, item E7 to E11 under Specific Guide Lines):
 Governmental Commercial Industrial Residential Others _____
 For Industrial: Heavy Medium Light (Classification as per Government License)

B3. Expected End-Use (%):

Electricity Expected % of Ultimate Demand:

- Lighting Air conditioning Motors Arc Furnaces
 Reactive Electricity Compensators Harmonic Generators
 Labour Camp Others

Water % of Ultimate Demand:

- Agriculture Landscaping Sanitation/Waste Disposal
 Process Water Cooling Fire Protection Drinking
 Cooking Washing/Cleaning Labour Camp Others

B4. Project Specific Consumption Rates

B4.1 Average electrical energy consumption per unit of production: _____ (MWh/Unit)

B4.2 Average water consumption per unit of production: _____ (Cubic Meter/Unit)

B5. Yearly Maximum Demand & Quantity (See Table "B5")

Note: Before filling in Table B5, please see the Section E - Notes & Guidelines E7 to E11 on page 6.

Table B5 - Yearly Maximum Peak Demand & Quantity								
Year	Facility Population in the Year (Refer E14 in Page 7)	Project Execution Phase(Ref. A7)	Electricity Demand in the Year		Potable Water Demand in the Year		Distillate Demand in the Year	
			Maximum Peak *MW (See E18)	MWh/Year	Maximum Peak **MIGD (See E18)	MIG/Year	Maximum Peak **MIGD	MIG/Year
Past Years Historical Actual Demand								
2016								
2017								
2018								
2019								
2020								
Future Demand Forecast								
2021								
2022								
2023								
2024								
2025								
2026								
2027								
2028								
2029								

2030								
2031								

*MW= Megawatt

**MIGD= Million Imperial Gallons per day

B 6 : Bulk Customer Having multiple project / Connections

Project Name/s ⁽¹⁾		2021	2022	2023	2024	2025	2026
	Electricity (MW) ⁽²⁾						
	Water (MIGD) ⁽³⁾						
	Project Status (O,C,T,D,F,P) ⁽⁴⁾						
	Electricity (MW) ⁽²⁾						
	Water (MIGD) ⁽³⁾						
	Project Status (O,C,T,D,F,P) ⁽⁴⁾						
	Electricity (MW) ⁽²⁾						
	Water (MIGD) ⁽³⁾						
	Project Status (O,C,T,D,F,P) ⁽⁴⁾						

1. These are the Project Names on KM Records. Please add/amend as required, denoting as existing and new project loads.
2. Electricity - Peak demand (in MW)
3. Water - Peak demand (in MIGD) total for potable & distillate
4. Project Status : O – Operation , C – Construction , T – Tender, D – Design , F – Feasibility, P - Planning

Section C – In-House Electricity and Water Production Information

C1. Do you intend to supply your Electricity/Water demand through in-house production? (Y/N) _____

If Yes, please indicate the percentage of your requirements you intend to provide through your in-house production.

C1.1 Electricity (%) _____ C1.2 Water (%) _____

C2. Do you need backup supply from Kahramaa? (Y/N) _____

If Yes, please tick mark if one or both apply:

Require Backup during Kahramaa's System Peak Periods. Electricity Water

Require Backup during Kahramaa's System Off-Peak Periods. Electricity Water

C3. Please provide your in-house capability to produce electricity and/or water, if any:

ELECTRICITY			
Unit No.	Generating Unit Description	Capacity (MW)	Type of generation technology (ST-GT-CC etc.....).

WATER			
Unit No.	Water Production Unit Description	Capacity (MIGD)	Type of Technology (MSF, MED, RO)

C4. Do you intend to have Electricity/water exchange with Kahramaa? (Y/N) ____

If Yes, please provide the following details:

ELECTRICITY EXPORT & IMPORT			
Year	Type of Exchange E – Export I – Import	Quantity (MWh/Year)	Indicative Tariff (QR/kWh)

WATER EXPORT & IMPORT			
Year	Type of Exchange E – Export I – Import	Quantity (Cubic Meter / Year)	Indicative Tariff (QR/Cubic Meter)

Please suggest any provisional key commercial terms for Export and Import in the following space provided. If the space is insufficient please attach a separate sheet. The terms you suggest are for survey purposes only and do not constitute any commitments by either party. Please contact the Head of Business Development, Corporate Planning & Business Development department if you need to discuss further, at Telephone 44845425/44845426.

Section D – Attachments

Please tick-mark if the following attachments are attached to the survey form or not.

- D1. Project Location Map (Hardcopy & Electronic digital Auto Cad files Yes No. Copies) including proposed substation location with Coordinates for Electricity.
- D2. Project Master Schedule Yes No
- D3. Yearly Load Demand Curves Yes No
- D4. Proposed Electricity & Water Exchange Terms Yes No

Section E – Notes & Guidelines

General Notes:

- E1. By signing this survey form the respondent warrants that all information provided are accurate and reliable to the best of Project Owner's knowledge and Project Owner is properly authorized to provide such information to Kahramaa.
Contact, Bulk Customer Section, contact no:44846701/44389115/44843887 fax no:44843886 Email: survey@km.qa
- E2. The respondent must be aware and acknowledge that all the information provided are for Kahramaa's planning purposes only and does not imply commitment by the Project Owner or Kahramaa. If the Project Owner requires a commitment to supply then he must fill in and submit the Application Form which is available at [Production Planning, Water Resources & Business Development Department](#),
- E3. Normally Kahramaa is expected to be able to meet any bulk demand three (3) years prior the year at which the supply is required. Kahramaa requires a minimum lead time of three years to prepare for any future additional capacity required.
- E4. As per Qatar Ministry of Energy regulations, customers are not allowed to generate and meet their own electricity and water demand without prior permission from Kahramaa.
- E5. At its own discretion, Kahramaa may conduct an independent investigation to verify the accuracy of any and all information provided in this survey form by the respondent.

E6. The information provided by the respondent about sites & corridors are considered as provisional only. In case of conflict between customer's project sites &/ routes and KAHRAMAA existing and/or future sites and/or routes, the customer shall be responsible for the cost of any relocation of KAHRAMAA existing installations and obtaining the alternative sites and/or routes for future and/or relocated installations which are in conflict with his project sites and/or routes.

Specific Guidelines for filling Item B2 in Page 1:

CLARIFICATIONS AND DEFINITIONS OF DEVELOPMENT CLASS IN 2021 SURVEY FORM

- E7. GOVERNMENTAL:** Projects sponsored, financed, owned and contracted by Government Agencies like Qatar Government directly or Agencies like UPDA, MMAA, Qatar Foundation, National Health Authority, Kahramaa, Hamad Medical Corporation, and such others.
- E8. COMMERCIAL:** All Projects used for Business Purposes other than Industrial and Residential, which are Private like City Centre, Land Mark, Dasman Centre, Lulu Centre, Villagio, Hotels and such other Entities.
- E9. RESIDENTIAL:** All Individual Flats, Apartments, Grouped Buildings and Residential Complexes, Villas and Independent Houses used for purely for Residential Purposes of Families or Individuals.
- E10. MIXED COMPLEXES (RESIDENTIAL & COMMERCIAL):** All projects which may be a combination of both Residential & Commercial in nature such as The Pearl Qatar, Barwa, Lusail Development, North Beach Resort Projects, and such other Entities.
- E11. INDUSTRIAL:** All Projects, Which are basically Process /Production / Manufacturing in nature such as Qatar Steel, Qatar National Cement Company (QNCC), Qatar Fertilizers, All QP Process Projects and such other entities of this nature, other than Residential, Commercial & Mixed Residential Commercial nature. This Industrial class may be categorized into 3 categories: eg., Heavy, Medium and Light Industrial.

Specific Guidelines for filling Table B5:

- E12. Last 6 Years Historical Actual Demand.** For the 6 Years before the Survey year, please provide Actual Demand Figures for Projects that are in Operation phase.
- E13. Future Demand.** For the succeeding future years, please provide supply requirements in all the various phases of the Project. The information is to be provided by the respondent for a period not less than 14 years from the start of the planning phase.
- E14. Facility Population.** Provide the number of people requiring electricity and water for all phases of the project for each year.
- E15. Project Execution Phase.** Write the appropriate letter for each phase or a combination of the same (for parallel phase) as appropriate against each year with P=Planning, F=Feasibility, D=Design, T=Tendering, C=Construction, O=Operation.
- E16. Electricity Demand, Potable Water Demand and Distillate Demand.** First, fill in the historical demand for the last 6 years, if any. Then fill in the future demands in the succeeding future years. Attaching yearly demand curves will also help Kahramaa understand your requirements better.
- E17. Peak Demand for Water:** Means the highest Monthly Average Demand in Million Imperial Gallons per Day (MIGD) during the Year.
- E18. Peak Demand for Electricity:** Means the highest Electricity Demand in Megawatts (MW) during the Year.

Specific Guidelines for filling Table B6.1 to B6.5:

- E19. Facility Population.** Provide the number of people requiring electricity and water for all phases of the project for each month.
- E20. Project Execution Phase.** Write the appropriate letter for each phase or a combination of the same (for parallel phase) as appropriate against each month with P=Planning, F=Feasibility, D=Design, T=Tendering, C=Construction, O=Operation.
- E21. Electricity MW, Electricity MWh/Month, Potable Water MIGD, Potable Water MIG/Month, Distillate MIGD, Distillate MIG/Month.** Fill in the future demand information on each month of the year.

Section F – Respondent Contact Information

Name : _____ **Designation:** _____
Address : _____
Telephone : _____ **Mobile:** _____ **Fax:** _____ **Email:** _____
Signature : _____ **Date (dd/mm/yy):** ____/____/____
Note: If Joint Venture Project then Joint Venture Leader shall sign.

If any respondent data is provided by the Consultant, please provide the consultant's contact details as required below:

Name : _____ **Designation:** _____
Address : _____
Telephone : _____ **Mobile:** _____ **Fax:** _____ **Email:** _____
Signature : _____ **Date (dd/mm/yy):** ____/____/____

Section G – Survey Preliminary Analysis For Kahramaa Official Use Only

Date Survey Form Received by CPBD from CSD (dd/mm/yy): ____/____/____

Internal Circulation Process:

1. After receiving from CSD, filled up Survey Forms shall be circulated by CPBD to all concerned departments. Department shall communicate their comments through a formal IDM to CPBD. If the space provided is insufficient for comments, they can separately attach more sheets.
2. If no comments from other departments are received by CPBD within 2 weeks after circulation, it shall be assumed that they have no further comments.
3. Should CPBD deem it necessary to verify any doubts on survey data in this form, CPBD shall require other departments to investigate further.

Dept	Comments	Name	Signature	Date (dd/mm/yy)	Date Comments Received by CPBD (dd/mm/yy)
ET
